"A Weekly Feast to Nourish Hungry Minds."—*N. Y. Evangelist.*

FOUNDED BY E. LITTELL IN 1844

THE LIVING AGE

THE LIVING AGE, one of the oldest and most widely-known of American literary magazines, was founded by E. LITTELL in 1844, and has been published weekly without interruption for fifty-seven years.

It presents the cream of foreign periodical literature, and reprints without abridgment the most noteworthy essays, travel sketches, fiction, social and political papers, and discussions of literary, artistic and scientific subjects from the leading quarterlies, monthly magazines and reviews, and literary and scientific weekly journals.

To these long-established and distinctive features, it has added an editorial department, devoted to "Books and Authors," in which are published, weekly, paragraphs of literary news and comment, and careful, honest and discriminating notices of the more important new publications.

THE LIVING AGE

Holds a unique position in the periodical world as a weekly eclectic magazine. Intelligent Americans who want presented to them from week to week the most important and timely articles from foreign periodicals find what they want in *THE LIVING AGE*, and can find it nowhere else.

THE LIVING AGE

Is a weekly sixty-four page magazine, which prints in the course of a year twice as much matter as most of the monthly magazines, and is able, by reason of its wide field of selection, to publish articles by a *larger number of writers of the first rank* than any other magazine.
